

## **Catastrophic Injury Team has 6 of the Largest Verdicts and Settlements in Virginia for 2013**

Virginia Lawyers Weekly has reported that the Catastrophic Injury Team of Irvin V. Cantor, Stephanie E. Grana, and Elliott M. Buckner had 6 of the largest verdicts and settlements in Virginia for 2013. These cases include 2 verdicts of \$4 million each (one of the verdicts was the product of a team comprised of Aubrey Ford, Stephanie Grana, and Irv Cantor) and 4 settlements, ranging from \$1 million to \$2.8 million.

Irvin V. Cantor, Stephanie E. Grana, and Elliott M. Buckner have teamed together for the past 8 years, providing their clients with a high powered group of seasoned professionals who take a “no stone left unturned” approach to every case. In addition to the trial lawyers, the team includes a veteran staff of paralegals, a registered nurse, and a licensed investigator. The team approach enables each attorney and staff member to focus on specific aspects of every case in his or her bailiwick. This approach has proven quite successful, with numerous verdicts and settlements exceeding \$1,000,000 for the team’s clients, including the 6 reported by VLW for 2013.

Our team is often asked by other trial lawyers, throughout Virginia and the United States, to joint venture with them in handling significant personal injury, medical malpractice, wrongful death, and other serious plaintiff’s cases. In these instances, we structure our approach to maximize the efforts of our team’s members and the members of the law firm associating with us. Our team very much enjoys joint venturing with other law firms and encourages other lawyers

and law firms to contact us to discuss if associating with us will benefit them and their clients.
